Pope Benedict now has his own tiara (just as Bl. John Paul II did too). Read more about it [HERE](#).

What does the three crowns represent? is it true that represents the holy order, the jurisdiction and teaching?

Do the lappets have Benedict's coat of arms with the mitre/tiara hybrid? That seems silly...

They do. Frequently the infulae of a papal mitre show a papal coat of arms with a tiara. So, what's the difference?

I suppose that it was already a stretch to get him to accept this gift. They didn't want to insult him outright by depicting his arms in a manner contrary to his preference. In my opinion they should have depicted the shield only.

I hope they get a chance to pop it atop his catafalque soon!
